Schools are allowed no more than 3 submissions. Only the top submission per school will be eligible for prize awards.

IMPORTANT: To help in the scoring process, submissions MUST include a video short name. This name must be entered on this submission form AND clearly included on the title page of the actual video. **The Video Short Name MUST be visible on the screen BEFORE the video begins playing.** For example: If your videos name is "Boys Before Flowers" and appropriated short name might be BOYSFLOW. Video short names MUST be exactly 8 characters.

We want to make a "Video of the Videos." To do that, you need to include the start time of two clips from your video that best exemplify "The Best..." and "The Worst..." These clips will NOT affect your score, but may get your video included in our video.

Sponsors: We need your help in verifying that your school's video is in good taste. These videos represent the thousands of students who participate in Mu Alpha Theta activities. These videos will be shown to students of all age levels and all backgrounds. Please make sure that any questionable or inappropriate content is avoided or removed.

Sponsor statement.

I verify that I have carefully watched my school's video submission(s) and feel that all content is appropriate for viewing by all members of Mu Alpha Theta. I understand that during the judging process, questionable videos may be disqualified.
